## -Strictly Confidential: (For Internal and Restricted Use Only) Senior Secondary School Certificate Examination March -----2025

## Marking Scheme----Business Studies 66/2/2

## General Instructions:

1	You are aware that evaluation is the most important process in the actual and correct
	assessment of the candidates. A small mistake in evaluation may lead to serious
	problems which may affect the future of the candidates, education system and teaching
	profession. To avoid mistakes, it is requested that before starting evaluation, you must
	read and understand the spot evaluation guidelines carefully.
2	"Evaluation policy is a confidential policy as it is related to the confidentiality of
	the examinations conducted, Evaluation done and several other aspects. Its'
	leakage to public in any manner could lead to derailment of the examination
	system and affect the life and future of millions of candidates. Sharing this
	policy/document to anyone, publishing in any magazine and printing in News
	Paper/Website etc may invite action under various rules of the Board and IPC."
3	Evaluation is to be done as per instructions provided in the Marking Scheme. It should
	not be done according to one's own interpretation or any other consideration. Marking
	Scheme should be strictly adhered to and religiously followed. However, while
	evaluating, answers which are based on latest information or knowledge and/or are
	innovative, they may be assessed for their correctness otherwise and due marks be awarded to them. In class, XII, while evaluating two competency based questions
	awarded to them. In class -XII, while evaluating two competency based questions, please try to understand given answer and even if reply is not from marking
	scheme but correct competency is enumerated by the candidate due marks should
	be awarded.
4	The Marking scheme carries only suggested value points for the answers
_	These are in the nature of Guidelines only and do not constitute the complete answer.
	The students can have their own expression and if the expression is correct, the due
	marks should be awarded accordingly.
5	The Head-Examiner must go through the first five answer books evaluated by each
	evaluator on the first day, to ensure that evaluation has been carried out as per the
	instructions given in the Marking Scheme. If there is any variation, the same should be
	zero after deliberation and discussion. The remaining answer books meant for evaluation
	shall be given only after ensuring that there is no significant variation in the marking of
	individual evaluators.
6	Evaluators will mark( $$ ) wherever answer is correct. For wrong answer CROSS 'X" be
	marked. Evaluators will not put right ( $\checkmark$ )while evaluating which gives an impression
	that answer is correct and no marks are awarded. This is most common mistake which
	evaluators are committing.
7	If a question has parts, please award marks on the right-hand side for each part. Marks
	awarded for different parts of the question should then be totaled up and written in the
	left-hand margin and encircled. This may be followed strictly.
0	
8	If a question does not have any parts, marks must be awarded in the left-hand margin and encircled. This may also be followed strictly.

9	If a student has attempted an extra question, answer of the question deserving more marks should be retained and the other answer scored out with a note "Extra
	Question".
10	No marks to be deducted for the cumulative effect of an error. It should be penalized only once.
11	A full scale of marks 0-80 as given in Question Paper has to be used. Please do not hesitate to award full marks if the answer deserves it.
12	Every examiner has to necessarily do evaluation work for full working hours i.e., 8 hours every day and evaluate 20 answer books per day in main subjects and 25 answer books per day in other subjects (Details are given in Spot Guidelines). This is in view of the reduced syllabus and number of questions in question paper.
13	<ul> <li>Ensure that you do not make the following common types of errors committed by the Examiner in the past:-</li> <li>Leaving answer or part thereof unassessed in an answer book.</li> <li>Giving more marks for an answer than assigned to it.</li> <li>Wrong totaling of marks awarded on an answer.</li> <li>Wrong transfer of marks from the inside pages of the answer book to the title page.</li> <li>Wrong question wise totaling on the title page.</li> <li>Wrong grand total.</li> <li>Marks in words and figures not tallying/not same.</li> <li>Wrong transfer of marks from the answer book to online award list.</li> <li>Answers marked as correct, but marks not awarded. (Ensure that the right tick mark is correctly and clearly indicated. It should merely be a line. Same is with the X for incorrect answer.)</li> <li>Half or a part of answer marked correct and the rest as wrong, but no marks awarded.</li> </ul>
14	While evaluating the answer books if the answer is found to be totally incorrect, it should be marked as cross (X) and awarded zero (0)Marks
15	Any unassessed portion, non-carrying over of marks to the title page, or totaling error detected by the candidate shall damage the prestige of all the personnel engaged in the evaluation work as also of the Board. Hence, in order to uphold the prestige of all concerned, it is again reiterated that the instructions be followed meticulously and judiciously
16	The Examiners should acquaint themselves with the guidelines given in the " <b>Guidelines for spot Evaluation</b> " before starting the actual evaluation.
17	Every Examiner shall also ensure that all the answers are evaluated, marks carried over to the title page, correctly totaled and written in figures and words.
18	The candidates are entitled to obtain photocopy of the Answer Book on request on payment of the prescribed processing fee. All Examiners/Additional Head Examiners/Head Examiners are once again reminded that they must ensure that evaluation is carried out strictly as per value points for each answer as given in the Marking Scheme

	Ans.	
	Advantages of Informal Organisation: (Any three)	
	(i) It leads to faster spread of information as well as a quick feedback as prescribed lines of communication are not followed.	
	(ii) It helps to fulfill the social needs of the members which enhances their job satisfaction and gives them a sense of belongingness in the organisation.	(1 x 3)

(iii) It contributes towards fulfillment of organisational objectives by compensating for inadequacies in the formal organisation.

(b) State any three advantages and any three disadvantages of divisional structure of organization.	
Ans. Advantages of Divisional structure: (Any three)	
(i) Product specialisation helps in the development of varied skills in a divisional head and this prepares him for higher positions. This is because he gains experience in all functions related to a particular product.	(1 x 3)
(ii) It helps in fixation of responsibility in cases of poor performance of the division as the divisional heads are	

	accountable for profits for their department.	
	(iii) It promotes flexibility and initiative because each division functions as an autonomous unit which leads to faster decision making.	
	(iv) It facilitates expansion and growth as new divisions can be added without interrupting the existing operations by merely adding another divisional head and staff for the new product line.	
	(If an examinee has only listed the points, ½ mark for each point should be awarded)	+
	Disadvantages of Divisional structure: (Any three)	
	(i) Conflict may arise among different divisions with reference to allocation of funds and further a particular division may seek to maximise its profits at the cost of other divisions.	(1 x 3)
	(ii) It may lead to increase in costs since there may be a duplication of activities across products.	= 3+3
	(iii) It provides managers with the authority to supervise all activities related to a particular division. In course of time, such a manager may gain power and in a bid to assert his independence may ignore organisational interests.	5+5 = 6 marks

34	Q. Ravi and Megha started 'Energylights' a company manufacturing energy-efficient LED lighting after realizing an increasing demand for the same. Manufacturing high- quality LED lights with some unique features required substantial investment in technology and high-grade materials. This pushed up their cost of manufacturing. To determine the price of their LED lights they not only wanted to cover all costs but also wanted to earn a margin	

of profit over and above the costs. This will set for them the minimum level or the floor price at which the LED lights would be sold. The high demand and the utility provided by these lights will set the upper limit of the price. Though there was enough competition in LED lights business, even then they kept the price of their lights higher than the competitors because of good quality and its features. They justified the higher price because of the product differentiation and unique methods of advertising and sales promotion etc.	
Quoting lines from the above para, identify and explain any three factors which were taken into consideration by Ravi and Megha to determine the price of their LED lights.	
<b>Ans.</b> Factors taken into consideration by Ravi and Megha to determine the price of their LED lights were:	
(i) <b>Product cost</b>	
Product cost includes the cost of producing, distributing and selling the product. It determines the minimum level or the floor price at which the product may be sold.

'This will set for them the minimum level or the floor price at which the LED lights would be sold'	(½ mark for identify
(ii) The utility and demand	identify ing the factor
Utility and demand set the upper limit of the price which the buyer would be prepared to pay. The buyer may be ready to pay up to the point where the utility from the product is at least equal to the sacrifice made in terms of the price paid. However, the seller would, however, try to at least cover the costs.	+ <sup>1</sup> /2 mark for quoting + 1 mark
